

How to get started with EV charging

Welcome to EVC. This guide will tell you all you need to know from charging your electric vehicle through to using the app. The EVC Plus app makes it simple and easy to pay for your charge. By downloading the app, you gain access to the EVC charging network along with numerous other benefits. Here's how to get started.

How to charge using the EVC Plus app

The EVC Plus app is available for download from both the App Store and Google Play Store. Simply search 'EVC Plus' in the search bar and install.

Step 1:

Plug your EV into the Charge point

Step 2:

Scan the QR Code on the side of the charger

Step 3:

Please select payment tariff

Step 4:

Select 'Start Charging' and the icon on the charger will turn blue

Step 5:

Your EV will now begin charging

Your payment options

EVC offer multiple payment choices to ensure you have the flexible options to suit you.

Pay as you go

With pay as you go, you pay for the electricity you use per charge.

EVC membership

With an EVC membership, you can gain access to a reduced rate of electricity for a small monthly fee.

Still have questions?

If you do have any questions about your EV charging, we have a specialist customer care team on standby ready to help you through the process. All the details you'll need are as follows:
